

Homework 11
due November 13, 2008

If you find yourself without enough information, make and justify a reasonable approximation. Please answer all parts of a question! (This is good practice for an exam setting.)

1. Felder and Rousseau, problem 7.22
2. Felder and Rousseau, problem 7.23
3. Felder and Rousseau, problem 7.25
4. Felder and Rousseau, problem 7.35

Also begin working once again on the project. Meet with your team members!
